The Padstow Harbour Commissioners are finally happy to announce the purchase of the DGW Sand Co. Ltd dredging business.

We look forward to continuing to maintain the navigable channels, allowing safe and efficient access to the port of Padstow, with a focus on working with the Environment Agency in developing measures to mitigate against coastal erosion and flood risk, and providing our important dairy farmers with the benefits of the dredged sand, as they have become accustomed.

PHC would like to thank Julian Williams and family of DGW Sand Co. Ltd, for all the hard work and time spent on ensuring the navigable channels have been kept open over the many years they have operated from the Port of Padstow.
